

## Students Taking the SAT

Students who are taking the SAT this year, please note the new procedures for admittance to the test site. It is **CRITICAL** that you adhere to the requirements for admission.

1. This year every student **MUST** have their admission ticket in hand when reporting to the test site. The admission ticket must match the valid form of ID exactly and also match the information on the attendance roster.
  - Each student **MUST** have a valid picture ID.
  - Examples of valid picture IDs include: a driver's license or a government issued ID; military ID; current school ID; or passport
    - **\*\*No other forms of identification will be accepted.\*\***
  - These procedures are written in stone and test administrators do not have any authorization to make any exceptions.
    - In past years students who did not bring an ID could have a West Ashley High teacher administering the test verify their identity and facilitate admission to the test site.
      - This is no longer an option and students will be sent home.
2. There is no more standby registration the morning of the test. Only students on the waiting list can take the test if space is available. Waiting list students will be accepted in the order that they arrive at the site and are not guaranteed admission. Test center office opens at 7am to sign in for the waitlist.
3. There is also no more admission for: Date Changes; Center Changes, or Test Type Changes.

Bring at least three (3) number two pencils; SAT does **NOT** supply pencils to students.
